HOST FAMILY	Shibata	COUNSELOR	Naohiro Nakao
(FROM: 4/8/2016 TO 6/1/2016)			
NEW HOST FAMILY	Next host family will be Mr. Niuro of the Takeo Rotary Club.		
ROTARY MEETINGS	I have been to all the meetings.	(CLUB ACTIVITIES: Went to a baseball game in Fukuoka.)	
HEALTH:	I am in good health. Just some allergies at the moment.		
OUTSIDE ACTIVITIES	<p>School: I have made many friends with some of my classmates, and I am still meeting people. They have all been kind to me when I try to talk with them, but they sometimes speak English to me. I have many classes in school. In many I do not understand anything. Here is a list of all the classes: Gym, chemistry, biology, Old Japanese, Japanese, math, Nihonshi, health, cooking, and Japanese society. I also have started to do math. I moved up to the 3 grade in my high school and got a new class. It has been a little boring, because of the tests. Next week things should go back to normal.</p> <p>Home: My new family is very new only one night so far, but they are very nice. I also still go to the library a lot to study and talk in Japanese. I ate Indian food yesterday and today I am having a party so things are looking good.</p>		

Language study	<p>I do not have a tutor, so I study on my own in the classes I do not understand. I also talk a lot in Japanese with my friends. I think that is helping improve my speech. I got some apps to practice kanji on my phone. It has been very hard. I feel like I have not improved at all. I am hopeful with some more time I will get better.</p>
Requests	<p>I don't have any requests at the moment.</p>
